

PATHWAYS HEALTH CENTRE FOR CHILDREN

PARENT & TOT Summer 2010

The **Parent and Tot Swim Program** is a rewarding water experience for mom or dad with young children. It introduces infants and toddlers to the joys of water activities in a relaxing and warm environment. It's about helping your child feel comfortable in the water while promoting water safety. The program is open to children **ages 3 months – 3 years old**, with or without a disability. There are 5 – 10 children per class with one parent in the pool with each child.

Registration Process and Information

This Summer we are using a new registration process in hopes to eliminate the dreaded 'line-up'. Registration dates will not be posted until the actual day of registration. While it is impossible to please everyone, we hope that this system will work. We are doing our best to serve **everyone** in as fair a manner as possible.

Pathways clients referred by a therapist will be given priority to our community lessons. The opportunity to register *does not* guarantee you a spot. You will be able to register for any spaces we have available when you come in, which may or may not suit your level/time needs. Our program reputation and popularity have made it impossible for us to serve all the individuals who wish to attend our programs at the same time.

Registration Process:

1. You must register in person at the **Aquatics Office** during the registration period
****Registration only available Monday – Thursday 10:00am – 5:00pm****
(please other side/ next page class time and session information)
2. Registration is on a first come, first serve basis.
3. You may be issued a registration number and a return time. If you miss your return time you will have to obtain a new number.
4. **PAYMENT IS BY CHEQUE ONLY PLEASE**, reservations without payment will not be accepted.
5. All swimmers require a current Aquatics Waiver Form on file. Waiver Forms are located at the Aquatics Office.
