COMMUNITY RECREATION AND LEISURE RESOURCE FOR ALL

The purpose of this guide is to provide you with information to assist you in making choices regarding recreation and leisure.

This resource has been developed by the Recreation Integration Sarnia Lambton committee in partnership with Pathways Health Centre for Children, Community Living Sarnia-Lambton, Lambton County Developmental Services and our Community Partners.

Disclaimer

We have included contact information about many community programs not affiliated with the three agencies responsible for publishing this guide.

The information appears in this guide because consumers have reported that they have had positive experiences with these service providers.

If you have any information or programs that you wish to add, please contact **Miriam Carmody – City of Sarnia’s Special Needs Coordinator**
@ (519) 332-0656 or email @ mcarmody@sarnia.ca

If your program is already featured, but you need to change the information, please contact **Dave Schaller – Pathways Health Centre For Children**
@ (519) 542-3471#262 or email @ dschaller@pathwayscentre.org

Additional Information:

Fees

Most programs have registration fees.

If the registration fee is the only barrier preventing a motivated person from participating, we encourage you to contact the person in charge of the program to further discuss your options.

There may be support available.

Eligibility

Some programs have eligibility criteria.

If you are unsure if the program will meet the needs of you or your family member/friend, please contact the person in charge **before** you register.

Support Staff

Participants requiring support may have to provide their own staff. Support staff should be enthusiastic, motivated and knowledgeable about how they can support the person in the activity.

The staff must also remain with the participant at all times, if required.

If you are unsure, please call before registering for the program.

Services to Assist In Participation

Passport

Passport is a new initiative designed to enhance opportunities for people who have a developmental disability and who have left school and are seeking community participation supports. Through Passport, participants will be exposed to a wide range of experiences that focus on post-school activities and the personal development each person needs to achieve his/her goals for living as an adult in the community.

Passport is intended for residents of Ontario who have a developmental disability, confirmed by a qualified medical practitioner and/or psychologist, in writing, and who:

- Have left school and would benefit from community participation supports (there is no upper age limit for Passport applications); or
- Have been waiting for service and are in need of community participation supports (where the individual does not meet the criteria for funding through ODSP Employment Supports); and
- Are living at home with their families or in other living arrangement including group homes, living on their own or with roommates, supported independent living or with a Family home provider.
- However, priority will be given to applications that are living at home with their families.

Applications can be submitted to Family Counselling Centre throughout the year for future consideration. All people with a developmental disability who might benefit from community participation supports are encouraged to apply for Passport.

Contact: Leah Proctor (519) 336-0120 ext. 243 or
Jane Racher (519) 336-0120 ext. 262

Special Services At Home

Special Services At Home makes it easier for people with disabilities to live at home with their families or in the community. It provides funding to families so that they can purchase services for personal development or relief support not available elsewhere in the community.

The services are for people of all ages with a developmental disability and for children under eighteen with a physical disability. To qualify, individuals must live in Ontario with their families or independently in the community and need help in daily activities and require more supports than most families can provide. A good example of this support is parent relief (or respite) so family members can have time for their own needs or for the needs of other members in the family.

The ministry of Community and Social Services provides an annual budget for the program. Families describe their needs and request special funding on an application form which can be obtained from the Family Counselling Centre. The Ministry reviews the applications and makes funding decisions after a careful look at the needs of the person and his/her family and whether other supports and services are available. Families have choices about how the individual program will be delivered and can assist throughout the process including the provision of in-home support workers.

Contact: Leah Proctor (519) 336-0120 ext. 243 or
Jane Racher (519) 336-0120 ext. 262

Creating an Environment for Success...

Please,

- ensure that you are familiar with the program you or your child is attending.
- provide the staff and volunteers with information about yourself and your needs, if it will make your experience more successful.
- for support staff to be successful, they need to know the information about the program your attending, let them know!
- ensure that you support your program when asked. Most of these services are run by a dedicated group of volunteers. No Volunteers = No Programs.
- if you have some ideas, speak up, please – everyone wants to hear them!

“WE LIVE TO PLAY...WE PLAY TO LIVE”
